March 2026

Perinton Churches Housing (PCH) is an ecumenical ministry involving the ten Perinton congregations listed below. These churches have been working together since 1970 to provide affordable housing to low-income seniors.

I am proud to report that PCH is stronger and more active in our community than ever. PCH continues expanding on its mission of providing not only affordable housing for seniors, but also providing activities that enhance their quality of life. We are making significant progress on both fronts.

Affordable Housing: PCH and its partner, Pathstone have been awarded a grant to construct Phase Two at Midvale Commons. Phase Two will consist of patio-style apartments, located between the main building and Baird Road. This grant is the only one awarded by New York State for our nine-county region. With the completion of Midvale Commons, PCH will have sponsored 272 living spaces for seniors in Perinton (including Fairport Apartments and Jefferson Park). We continue to look for opportunities to build more.

Quality of Life Activities: This is where PCH has expanded the most. In the past year, PCH began a partnership with Fairport-Perinton Senior Connections to provide transportation and care management services at our locations. PCH has also expanded the number of social activities hosted for all three locations. The PCH Board intends to continue hosting more events through the year. Also, more than 850 Valentine wishes were distributed this year to residents of not only our three properties but also several other senior living facilities in Perinton, adding another successful Happy Valentine for many.

Opportunities to volunteer:

As mentioned above, PCH is expanding the social activities for its residents. PCH can use help to host these events. Volunteering usually takes about 1 ½ to 2 hours per event. Anyone interested in helping, should email me at info@perintonchurcheshousing.org.

Thank you for your continued support and may God bless us all.
