How Can I Give

Proverbs 11:25 – "A generous person will prosper; whoever refreshes others will be refreshed."

Many BLC members who give regularly to the church's annual spending plan do so from the funds in their household budget. Planned gifts are different in that they are usually given from other assets, as part of either short- or long-term planning. The graphic below highlights six relatively easy ways to give. With the exception of Real Estate or Property and Will or Trust, the remaining four options can be accomplished without the time and expense of an attorney.

If you do not yet have an estate plan in place (including a will), it might be best to start there. If you desire some initial guidance, you might benefit from a discussion with ELCA Regional Gift Planner Ryan Ebner. Also, as a first step, any member of the Planned Giving Committee will meet with you to share our experiences and suggest potential next steps. Contact information is below.
